Jennifer Denson
Executive Director

11th Annual PEP Golf Invitational May 6, 2011

Its Good for Business

2010 Winner: Safety Source

Attending the PEP Golf Tournament on **May 6**, can be very good for business. Come join 230+ other local business professionals for a day of golf, good food, prizes and the chance to make new and stronger business relationships. Whether you sponsor a team of clients or play yourself there is something to be gained by being a part of one of the best tournaments in town. But reserve your spot now—you don't want to end up on the waiting list.

If you don't play golf but want to support PEP and network, there are a number of **new sponsorships** available that will advertise your company. Come and enjoy a fun day, eating, drinking, socializing and voting in the competitive **Golden Skillet** contest for the best cook-tent. Your company's name will be prominently placed before 230+ businessmen and women.

Sponsorship Opportunities and Benefits

to the
11th Annual Membership Meeting
and
Environmental Stewardship
Awards Presentation**

**April 19th
5:30 p.m.
5 Rivers Delta Center**

Event Sponsor

**PEP members impact
the environment....**

Thank you PEP members for taking part in the **100-1000 Restore Coastal Alabama** oyster reef restoration project on January 22nd at Helen Wood Park: **Evonik Degussa**, **Hand Arendall**, and **White-Spinner Construction**. On March 19th, 100-1000 RCA needs volunteers to finish the job. For more information, go to www.100-1000.org.

PEP is proud to be a financial supporter of **Coastal Kids Quiz**, a project of Alabama Coastal Foundation that challenges area 5th grade teachers and students to prepare for a conservation scholarship competition. In addition to financial support, PEP staff volunteer during the event along with **Hand Arendall**.

Has your company staff volunteered in a local environmental conservation, education or restoration project? If so, please email the details to jdenson@pepmobile.org so we can spotlight *your positive impact* on the sustainability and resiliency of the Alabama Gulf Coast.
